

FolkPort

Technical Rider / Stageplan

FolkPort's responsibility:

The band provides all instruments and backline except drums and bass amp.

Details about some of the equipment the band provides:

Piano: Technics SX P50, Wireless-systems: Shure/Samson, Vocal mic's for main vocalists: Shure Beta 54 and Sennheiser e 945

The venue's responsibility:

A reliable PA-system in good working condition with the following specs:

- Minimum 16 channel mixer with effects capabilities internally / externally for simultaneous delay and reverb
 - 3 good vocal mics / 3 - 5 mics for the drums / 4 DI-boxes / Cables & stands
 - Speaker/amp-system with sufficient power for the venue. Must include sub-woofers and monitors.
 - Quality level: Doesn't have to be «Rolls Royce», but Mackie-like or better.
- A good sounding drum kit, bass amp/speaker and adequate stage lighting
